

Amendments to the Specification:

Please replace the paragraph at page 1, lines 8-15 with the following amended paragraph:

For many years, significant efforts have been developed in order to facilitate the daily preparation of meals. Among the notable progress, coatings based on fluorocarbonated polymers as adhesivenonstick coating in kitchen utensils quickly developed since the end of the 1950's. Such coatings is universally known since the process presented in the patent FR 1120749 allowed a reliable attachment of such coatings on various metals, such as aluminum.
